Old Rivalry Renewed For WT, Tech Saturday

An old and vicious football rivalry featuring everything but bloodletting raises its head Saturday night at Lubbock.

West Texas State University and Texas Technological College meet on the field of battle for the 27th time since the series began.

Game time is 7:30 p.m. in Tech's Jones Stadium.

The rivalry is one of the oldest in the state of Texas.

WTSU and Texas Tech first met 39 years ago in Lubbock and the Red Raiders won the game 13-12.

From this beginning sprung a heated series of contests which have been interrupted on three occasions.

Tech has won 19 games of the 26 played. However, the Buffaloes won the last one two years ago in a thrilling, cliff-hanging 30-27 game.

West Texas State has won half of the last six games played. Tech jumped ahead in the series games-won column on winning streaks of eight and five games.

Biggest win recorded by the Buffs over Tech was in 1929 when WT outscored the Raiders 20-0. Last two meetings of the bitter rivals have provided too much excitement for the weak hearted, with Tech taking the '61 win 10-14 and WT grabbing the '62 victory with the 3-point edge.

This season the Red Raiders of Tech have recorded an impressive 4-2-1 record.

Texas Tech has moved to a position of greater respect in Southwest Conference football in the last seasons.

This year the Raiders defeated Mississippi State 21-7, Texas A&M 16-12, Texas Christian University 25-10 and Southern Methodist University 18-0.

Losses came from University of Texas 23-0 and Baylor's bears 28-10.

Tech tied Rice 6-6 in last weekend action.

Scouting coach Clarence Dierking of West Texas State University viewed the Tech-Rice game last Saturday in Houston.

JOE KERBEL

"Texas Tech outgained Rice about 100 yards," stated Dierking. "Tech had 20 first downs to Rice's 6."

"Texas Tech has a well-balanced offense. They have two exceptional runners in Donnie Anderson and Johnny Agan."

"Donnie Anderson is probably one of the best all-around backs we will face all year. He is an excellent ball carrier, has speed and power and picks his way good. He is an excellent receiver and also has a 40-plus punting average. He had a couple of over-50 yard kicks against Rice that were called back on penalties Saturday."

Dierking stated that both Anderson and Agan are very fast runners.

"Tom Wilson, the quarterback, really hurt Rice by running wide with the football," continued Dierking. "Tech has a tough inside runner in Jim Zanios, fullback, weighing about 205."

Two outstanding defensive men named by Dierking are inside linebackers C. C. Willis and Butch Thompson. Two fine defensive ends are Jerry Balch and Tommy Doyle.

Texas Tech employs offensive and defensive platoons.

"Tech uses the 'I' formation, but will use some split sets," said Dierking.

"The line is real quick, maneuvers real well and has good pursuit," continued Dierking. "This is the best Tech team I've seen."

Tech's line, on offense, weighs an average of 204 pounds. Average backfield weight is 190.

West Texas State's anything-but-predictable Buffaloes go into the game bearing a 4-3 season tally.

The Buffaloes upset highly rated San Jose State of California 18-7 Saturday night in Buffalo Bowl.

True to form the Buffs captured the win for the fourth time this season by coming from behind to outscore opponents.

Last Saturday's game proved a spectacular seldom if ever seen in collegiate football. Third quarter scoring came from a 94-yard punt return by halfback Tony Waters and a blocked kick and recovery in the SJ end zone by Butch Walterscheid, Buff end.

Leading the WTSU attack this Saturday will be tough running fullback Russell Mundy, leading ground gainer with 421 yards and speedster Donald Dennis.

Mom's Home Cookin'

Homemade bread and delicious butter will be in store for folks of the Panhandle Sunday at the annual Umbarger German Sausage Festival which begins at 11 a.m. and ends at 4 p.m. Mrs. John Wieck is the proud cook of the bread which graces her family table, and her seven year old son Chris takes a hand in churning the butter. Little Donna Marie Wieck seems to be unhappy that she isn't big enough to help in the food fixin'. But the entire community will be involved Sunday in St. Mary's Parish Hall in Umbarger. Y'all Come.

Activities Begin Early Sunday In Umbarger

Sunday's the Day.

More than 2,000 persons are expected in the small community of Umbarger, 10 miles west of Canyon.

The folks of Umbarger have spent the past several weeks baking, cooking, sewing for and talking about the Big Day.

The Big Day is the annual Umbarger German Sausage Festival.

And beginning at 11 a.m. Sunday, Nov. 8, homemade sausage, sauer kraut, hot bread, beans, mashed potatoes, cookies and all the trimmings will be put on plates for hungry Panhandle visitors.

The entire Umbarger community will gather in St. Mary's Parish Hall to take part in the festivities, which include a dinner, a bazaar, country store and finally a dance.

Homemade pastries, breads and homegrown vegetables will be sold in one part of the hall, while handmade aprons, pot holders, dolls, dresses and other items will be sold across the room.

In the middle, visitors will chat over the hot food which will be served until 4 p.m. Then they will have time to brouse around the merchandise before the dance begins at 8:30 p.m.

Admission to the dinner will be $1.75 for adults and $1 for children up to 13 years of age. Children under six years will be admitted free of charge. Admission to the dance will be $1.

In preparation for the dinner, between 1600-1800 pounds of meat have been donated. Fifteen hogs and two beeves were given to St. Mary's Parish for the annual meal.

During the afternoon activities, merchandise and gifts will be given away. A $250 wardrobe will be one of many prizes which will be on display and finally given to someone at the dinner.

Other gifts include a pony, clothing, and a barrel of oil.

Richard Friemel and Jack Brandt are serving as festival chairmen this year.

Other chairmen include John Wieck, publicity; Leonard Batenhorst, sausage; Mrs. Al Evers, country store; Mrs. Charlie Beckman, bazaar; Mrs. L. J. Wieck, sauerkraut, and Lee Haskey, dining hall.

Mrs. Leo Artho, Mrs. Bill Gerber, Mrs. Henry Grotgut and Mrs. Bernard Grabber will serve as chief cooks.

In charge of the tables will be Linda Wieck, Janice Gerber, Fred Wieck and Ed Grabber.

Math Albracht will be in charge of the give-away.

The food will be served beginning at 11 a.m., and the entire population of West Texas and the Panhandle have been invited to the day-long activities in the St. Mary's Parish Hall.

Writers To Visit Friday

A group of more than 40 writers, representing major magazines, newspapers and wire services, will arrive here Friday for a tour of the Canyon area.

Stops here at Canyon will include Panhandle-Plains Museum and Palo Duro Canyon.

The group will arrive in Amarillo by plane at 11:30 o'clock and will be met by a delegation which will include several members of the Canyon Chamber of Commerce Red Carpet Committee.

The writers will be taken to their motel rooms and then will have lunch.

The party will arrive at the museum here at 1:40 o'clock and spend about an hour touring the museum before departing for Palo Duro Canyon.

Narrator and host for the stay at the museum will be Boone McClure, curator.

Jack Hughes, geology professor at West Texas State University, will act as narrator at the canyon. The tour of the canyon will include a visit to the Panhandle Heritage Foundation amphitheater on the canyon floor.

Special sound effects have been planned for that portion of the visit to give the writers an opportunity to observe the excellent acoustics of the theater.

The writers will be guests at a barbecue in the canyon if the weather is good. Inclement weather will bring the barbecue to a school cafeteria

Famed Pianist Appears In First CCA Program

Lee Luvisi, famed pianist, will appear on the Canyon High School auditorium stage Wednesday night as the first program on the Community Concert Association series.

Luvisi, 25, will begin his concert at 8 p.m. with members of the association in attendance.

Also attending the program will be Canyon Chamber of Commerce members and new professors at West Texas State University.

Luvisi is a Laureate of the 1960 Queen Elisabeth of Belgium International Piano Competition. He made his public debut at the age of eight and he made his official debut in the music world in 1957.

The young artist was born in Louisville, Kentucky on Dec. 12, 1937. He became interested in music at the age of four, showing an especial fondness for his family's collection of operatic records. He admits to being completely engrossed even at that age in every Metropolitan Opera and New York Philharmonic broadcast, and when he was seven he made up his mind to become a concert pianist.

He studied piano with Marcella Frances Johnston of Louisville for four years.

At the age of nine, Luvisi played an audition for Arthur Rubinstein after which the great pianist joined Luvisi at the piano to explain and interpret certain passages which the boy had just played.

At 11, Luvisi began studies with Dwight Anderson, then dean of the music school at the university of Louisville, and he won a student audition to perform as soloist with the Louisville Orchestra. In 1952 he entered Philadelphia's Curtis Institute of Music as a student of Serkin and Horszowski, appearing in the same year as soloist with the Chicago Symphony.

In 1955 he won the Philadelphia Orchestra's Youth Contest and performed professionally for the first time with that orchestra. Upon his graduation from Curtis in 1957 he was appointed to the faculty there--the youngest musician to be accorded this honor.

In 1957 his dream of playing at Carnegie Hall came true, and the career of Lee Luvisi began to take on that star quality which so many people had always prophesied for him.

Luvisi professes a special fondness for the modern French school of piano composition--from Franck and Faure to the present. For an instrumentalist, he is notably fond of vocal music and counts among his most admired friends the great French baritone, Martial Singher.

Luvisi is married to the former Nina Hussey, and has one child. The family lives in Philadelphia.

Legion Breakfast Is Nov. 11

Former American servicemen and their families will be honored at the 44th annual American Legion breakfast Wednesday, Nov. 11.

Wes Kleinschmidt, chairman of the breakfast, said all ex-servicemen and their families have been invited to the 7-8:30 a.m. Veteran's Day Breakfast.

The meal will be served in the American Legion Hall Wednesday morning with a menu of eggs, bacon, donuts, toast, coffee and fruit juices served free of charge.

Approximately 100 - 125 persons are expected at the annual affair.

County Says No On Airport Bond Issue

Randall was Goldwater Country Tuesday as county voters gave the unsuccessful GOP contender 7,843 votes while President Johnson received only 6,016.

It was a record vote for Randall County. Approximately 13,859 ballots were cast. This is more than 5,000 greater then in 1962 when about 8,600 voted in the general election.

Randall County pluralities for Goldwater and George Bush could be attributed to big boxes in conservative South Amarillo.

Johnson carried all Canyon and rural boxes except box 13 ---the box at West Texas State Student Union Building. There Goldwater received 143 and Johnson 128.

Randall voters gave Senate hopeful George Bush a smashing 4,000 - vote plurality. The vote was 9036 for Bush and 4699 for Yarborough.

A proposed bond issue to build a county airport failed by a vote of 4004 to 3829.

Bill Hayes also carried the county 6989 to 6011 over Democratic incumbent Joe Pool in the race for congressman-at-large.

Bob Price received 7290 Randall County votes as compared to 6480 for incumbent Congressman Walter Rogers. Both Price and Rogers are from Pampa.

Randall County did not vote with the state and nation. President Johnson carried Texas and the nation by a landslide. Yarborough was re-elected over Bush and Congressman Rogers nudged Price in a nip and tuck contest.

In the lone county race, Democratic incumbent B. R. Jones defeated Republican Leroy Hutton 2851 to 1984 in the race for county commissioner, Precinct 1.

All three proposed constitutional amendments were approved by Randall County voters.

Governor John Connally was the top vote getter in Randall as across the state. The governor received 8197 as compared to 5067 for his Republican opponent, Jack Crichton. The governor carried box 14 where Goldwater received a smashing majority. That box is located at Paramount School in South Amarillo.

Lieutenant Governor Preston Smith, who lost Randall County narrowly two years ago to Bill Hayes, ran well ahead of Republican Horace Houston in the county this year. The vote was 7741 for Smith and 5268 for Houston.

In other state races, Waggoner Carr received 7892 votes for re-election as attorney general. His Republican opponent, John Trice, received 5286.

Democrat John White received 7065 votes for commissioner of agriculture while John R. Armstrong polled 5905.

A box by box rundown on county voting in state and local races may be found elsewhere in this edition.

George Dowlen, Democrat, was elected to serve out the unexpired term of Truett Hull as Randall County Criminal District Attorney. Mr. Hull died recently and Dowlen was appointed by the governor to serve until the general election. His elective term will run until 1966.

Other Democratic county officials were elected without Republican opposition.

They include L. S. "Slim" Johnston, sheriff; Bill Money, county tax assessor-collector; W. A. "Bill" Wilson, justice of the peace, precinct 1; and Glenn Dowlen, commissioner, precinct 3.

Dignitaries Plan Visit To Threater

A sound and light preview of the Panhandle Heritage Foundation amphitheater in Palo Duro Canyon State Park will be conducted Friday at 6 p.m. in the outdoor theater.

Playwright Paul Green of North Carolina, and Isaac Van Grove, composer from Hollywood, California, will be special guests at the production.

The two men will view the effects of various sound and light techniques in an effort to continue their work on a drama production for the theater.

A group of national journalists visiting the Panhandle Friday will also attend the light and sound show in the park.

The newsmen will see the show following visits to Canyon, Amarillo the Panhandle-Plains Historical Museum and a tour of points of interest in the Panhandle.

Green is writing a play script for the amphitheater, and plans have been made for the play to begin production in the summer of 1965.

Van Grove is designing music for the drama to take advantage of the extraordinary acoustics in the outdoor theater.

No admission will be charged for the show except for the $1 entrance fee to the park.

All Heritage Foundation members wishing to attend will receive in the mail a card

(See Dignitaries, Page 7)

Olan Lehman, left, election judge, and Duane Guy, his assistant, are shown here counting absentee ballots Tuesday. Several election clerks and the two judges began counting as the polls opened at 7 o'clock in the morning and finally completed their task about midnight. The county clerk's office reported that 1143 absentee ballots were cast.

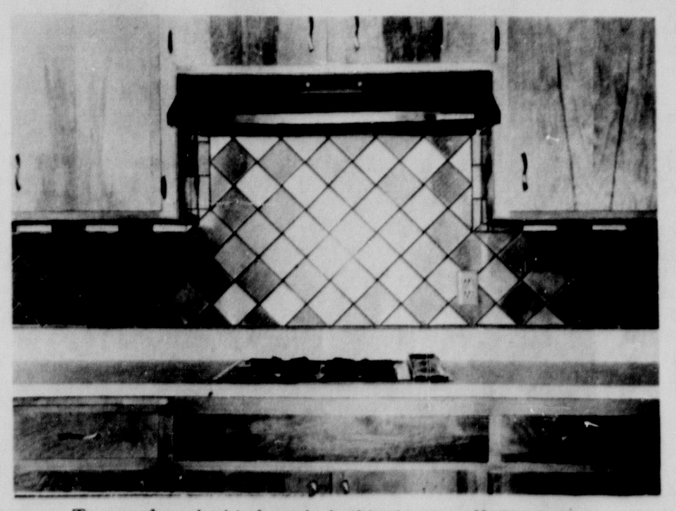
The large beamed ceiling family room, which features a wall length built-in fireplace and planter box, is large enough for the most active of familys.



To complete the kitchen, the builder has installed a char-rock broiler and hood which enables the homemaker to perform feats of cookery, normally restricted to the outdoors right in her own kitchen.

The builder of this home saved its owner more than $10,000!

This is how much was saved by building this home, *All-Gas*. Authoritative metered comparisons show that the average family living in an all-gas Blue Flame Home can save as much as $10,000 in utilities costs over a 25-year mortgage period.

Stompers To Host Air Force Academy

West Texas State University's freshmen host Air Force Academy Junior Varsity footballers Friday at 1:30 p.m. in Buffalo Bowl.

The WT Stompers will be making their first home field appearance of the season.

They will also be seeking their first win of the season after losing a hard-fought battle to New Mexico Military Institute 35-24 earlier this year.

Good ballplaying plus determination was shown by the Stompers in the loss. Quarterback Don Jermyn completed 15 passes that night, including touchdown tosses of 11 and 25 yards to fine receiver and end Dave Szymakowski.

Fullback Tim Herspold averaged six-yards per carry plus a touchdown run of 52-yards.

Barefoot kicking ace Dave Reynolds booted good for all three extra point attempts plus kicking a 26-yard field goal which gave the Stompers a short-lived three point lead.

Air Force Academy Junior Varsity squad is rated as a big, fast and real fine ballclub by WT frosh coaches Buddy Simpson, Jim Ostrander and John David Bryant. AF employs a pro-type offense.

Air Force Academy stands undefeated since 1962 and this season has compiled a 4-0 record.

Last weekend against McCook College, Nebraska, Air Force grabbed a 19-0 shutout. McCook, ranked 5th in the nation, was unable to penetrate past AF's 24 yard line during the entire ballgame.

Listed on the Junior Varsity are 23 sophomores, 7 juniors and 3 seniors. Average combined line and backfield weight is over 200 pounds.

"We should be at full strength for the game," stated Simpson earlier this week. Two frosh gridders seeing little action in drills during the week "could see action", according to Simpson. Gridders are Dale Gidley, quarterback, out with a knee injury and Evan Burian, quarterback, with a bad leg.

Ronnie Willcox, with a neck injury, could see limited action and Jimmy Campbell, end, who injured a wrist earlier this season, should be ready for play.

Stomper coach John David Bryant announced the WTSU starting lineup to include ends James Fisher and Dave Szymakowski; tackles, Dave Reynolds and Joe Lewallen; guards Charles Ehrhardt and Errol Guidry; center Richard Reneau; quarterback Don Jermyn; halfbacks James Leonard and Ronnie Peacock; and fullback Tim Herspold or Lew Einfalt.

Specialists include punter Robert Maloney and kickoff, Dave Reynolds.

Next scheduled game for the Stompers will be Nov. 14 in Buffalo Bowl against University of New Mexico freshmen, game time 7:30 p.m.

Don Akin, left, Randell Carver, center, and Gene Lewis, right, look over a Forensics magazine as they discuss plans for various debate tournaments on the schedule for West Texas State University. Akin, Ft. Worth junior, and Carver, Hereford freshman, are members of the debate team for the University. Lewis is an instructor in the speech department and is the debate coach. The threesome will be joined by other WTSU debaters for tournaments at Texas Technological College and at Texas Christian University.

WT Debaters To Attend Ft. Worth Tournament

West Texas State University debaters will attend a tournament in Ft. Worth this weekend, activities slated Nov. 6 and 7.

Accompanying the debaters will be Gene Lewis, debate coach at West Texas State.

The group will stay in Forest Park Motor Hotel in Ft. Worth. The tournament at TCU features schools from all over the United States.

In a debate tournament at Texas Technological College last Thursday Don Akin received an excellent rating and was in the finals in the prose reading division. Donna Humphreys and Mary Lemmond were in the quarterfinals in the Senior Girls' division for debate.

Temperatures Fall, Needed Rain Hits

Temperatures plunged Wednesday as a gentle rain backed with cold winds doused the area crop lands.

The needed rain kept Randall County farmers out of ready - to - harvest sorghum fields. And the cold winds kept most Canyon folks near the family fireplace.

The temperature drop was one of the first in the early winter months, and the rain added .32 to the already slim amount recorded for the year.

Randall County Agent John Brazzil said the rain was not damaging to crops, but only delayed the sorghum harvest for several days.

"More than 50 per cent of the grain has been harvested in the county, and the rain will only delay harvesting procedures. It is not a damaging rain," Brazzil said.

But while it is holding up work in the grain fields, the rain gave needed moisture to the wheat pastures.

"It was a gentle, slow rain and it gave us moisture in those wheat fields for winter," Brazzil pointed out.

The .32 inches of rain received in Canyon by mid-morning Wednesday boosted the year's total to 12.06 inches. The moisture was the first recorded in November.

A report from Dr. M. B. Measamer, professor at West Texas State's University, showed that 1.06 inches of rain fell in Canyon during October. The city recorded .14 inches on Oct. 12 and .92 Oct. 24.

October's moisture plus the rain received Wednesday brought the year's total to 12.06. Low temperature in October was 34 degrees accompanied by a slight frost, Measamer explained.

who has averaged 4.52 per carry in the last two ballgames.

Tech is rated at least a two-touchdown favorite in the coming clash. However, anyone who knows anything about these two schools is prepared for anything when the two meet on the field of play.

Buffalo injuries still include the trio listed for several weeks, safety Ronnie Mankin, end Woody Gilliland and center Charlie Daves.

Probable starting lineup for West Texas State includes ends Butch Walterscheid and Ted Wheeler, tackles Wilton Manley and George Allen, guards David Sims and Vernon Kosub, center Doc Rowell, quarterback Bill Bundy, halfbacks Donald Dennis and Earl Westand fullback Russell Mundy.

Starting for the Texas Tech offensive unit are ends Charles Gladson and Jerry Shipley, tackles Chester Howard and John Porter, guards James Cecil and Ray Garrett, center Reg Scarborough, quarterback Tom Wilson, halfbacks Johnny Agan and Donnie Anderson and fullback Jim Zanios.

Hosts for the barbecue will be the Canyon and Amarillo Chambers of Commerce.

The writers will tour other parts of the Panhandle Saturday before departing to other West Texas points.

May Name New Judge Monday

Randall County commissioners are expected to appoint a county judge to replace Wayland Angel who resigned.

Eight persons have made application for the position.

They include Lee Harland, Lloyd King, Joe Frank, E. M. "Mutt" Myers, Robert Harris, Elmer Burnett, Cecil McNiel and Burney Slack.

Harland operates an air ambulance service here. King is a former Amarillo city judge and former district attorney. He lives in South Amarillo.

Frank is a Canyon investor. Harris is with the Amarillo city police department. Myers is in the implement business in Canyon. Burnett is a former sheriff's deputy.

McNiel is a safety officer with the Department of Public Safety and Slack is employed by the city of Canyon.

Commissioners discussed the applicants at a meeting held Wednesday morning.

admitting them to the park for the program.

Classes directed by Erin Wertenberger at West Texas State University spent the earlier part of this week working on props and costumes for the program.

"This should be a fairly elaborate program," stated Wertenberger. "We will be using quite an expensive array of equipment out there."

The sound and light feature will be a programmed event and tell a complete story.

According to Wertenberger, one of the most spectacular portions of the program will be the thunderstorm. One of the most interesting will be on the Civil War, done mostly through sound effects and some visual aids.

Assisting with the production will be Boy Scout Troop 31, West Texas State Rodeo Club, Canyon square dance Club, and speech department students from WTSU, who will more or less coordinate activities.

Jim Sorenson and employees of Six-Gun City will provide riders and horses.

"Some Glimpses of Panhandle History" will be the theme of the Friday night show, according to Mrs. Ples Harper, foundation president.

Post Office Closes Nov. 11

United States Post Office in Canyon will be closed Wednesday, Nov. 11, honoring Veteran's Day, according to Marion Higdon, post master.

Higdon said the post office will close all day and no city or rural deliveries will be made. A distributor will be in the office to put up mail in boxes and to send out-of-town mail, but the windows will not be open.

News Reading Workshop Held

Canyon Classroom teachers in the Elementary schools participated in a news-reading clinic Oct. 26-29.

The clinic was held in conjunction with the in-service training program for teachers and stressed the need in the classroom for use of a newspaper on the child's level.

Leading the clinic was Miss Mary Waddle, consultant from the Department of School Services, Wesleyan University.

Huelyn Laycock, Superintendent of schools and Mrs. Ocoee Holt, supervisor, were in charge of arrangements for the 3-day clinic.

Miss Waddle also assisted Dr. Ruth Lowes in education classes at West Texas State University.

Oscar Hinger, Rex Reeves principal, gave thanks to parents and patrons who assisted teachers during the workshop. These persons are called upon in time of special need, and more are being sought. Currently included on the list are Mesdames Robert P. Jarrett, Jr., John B. Wilson, Alfred Bellah, Ada Busteed, Ross Russell, H. T. Carr, Pete Cowart, Elton Cox, W. A. Moore, George Eason, R. A. Neblett, Fred Olson, T. G. Hull, George deSchweinitz, Bob Bellah and Nancy Petruccione.

The complete staff of 40 elementary teachers participated in the workshop.

Dr. L.F. Sheffy Accepts Writer's Award Nov. 14

Lester Fields Sheffy, former history professor at West Texas State University, will receive a writer's award in Austin Saturday, Nov. 14.

Sheffy, author of several books and articles concerning the early days in the Panhandle, is one of 15 Texas authors who will be honored at the 16th annual Writers' Roundup sponsored by Theta Sigma Phi.

The roundup is sponsored by the Austin chapter of the journalism fraternity for women, and activities for the annual convention will be held in the Driskill Hotel in Austin Saturday.

Sheffy is receiving the award for his book, "The Francklyn Land and Cattle Company", which was one of 14 picked as the best by Texans among 90 published by trade or commercial publishers in the year ending Aug. 31, 1964.

The book was published by the University of Texas Press and reflects the author's understanding of the rugged breeding gound of individualists in the Panhandle.

The flavor of the old west is steeped in Sheffy's award-winning book, which covers the famous Francklyn cattle operation from its formation in 1882 to the time it was liquidated in 1957.

Well-known as a historian, as a long-time professor of history at WT, and as an editor of the Panhandle-Plains Historical Review for 18 years, Sheffy has published many articles on ranching, horses and western history, as well as two previous books.

He graduated from Southwestern University in Georgetown in 1911, and was a classmate of the late J. Frank Dobie, to whom the 16th annual Writers' Roundup will be dedicated.

Sheffy received a master's degree from the University of Texas, did graduate work at the University of Chicago, and received a doctorate of literature from Austin College in Sherman in 1937. He is married to the former Carrie Virginia Smith.

Sheffy will leave Canyon today, Thursday, to attend the convention and will return Sunday afternoon.

Smith To Join Detroit Study

Dr. Emmitt Smith will attend a national committee meeting in Detroit Nov. 15-17.

The committee includes five men appointed by the American Association of Colleges for Teacher Education.

Smith, director of program development and research at West Texas State University, will be a part of the committee on school-college relationships.

The group will study some 35 outstanding student teaching programs in the nation. Programs will be presented during the committee meeting.

Johnny Jowell (left) and Sam Ellis (right) demonstrate a bit of the technique they will use handing off the football in Lambda Chi Alpha Fraternity's run to Texas Tech beginning Friday morning at 11:55 a.m. Members of the fraternity will run the football in quarter-of-a-mile stretches then handoff the football to another runner and continue the relays until the boys reach Jones stadium in Lubbock. The football will be given to the winning team of the West Texas State-Texas Tech football game.

Frat Boys Run Football To Lubbock, Leave Friday

Tired, sleepy and breathless West Texas State University boys will appear at the WT-Texas Tech football game Saturday night.

Members of Lambda Chi Alpha, social fraternity at WT, will run a football from Canyon to Jones Stadium in Lubbock beginning at 11:55 a.m. Friday.

The boys will run the football for quarter-of-a-mile legs and then handoff to a fraternity brother who will also carry it the same distance.

Dr. James P. Cornett, president of WT, and Larry Elms, president of the WT student body, will present the ball to the fraternity to begin the event.

Expectations are that the boys will run all night Friday before reaching Lubbock sometime Saturday. The final lap of the run will be at 7 p.m. Saturday when Glenn Hopkins will run into Jones Stadium and present the ball to Elms, who in turn will give the ball to Ronnie Botkin, president of the Tech student body.

The ball will be given to the winning team of the evening tussle of the Buff-Red Raider clash.

Death Claims W. F. M. Griffin

A Canyon businessman and an active West Texas State University Buffalo supporter died Wednesday afternoon, Oct. 28, in a truck accident.

William Frank Milton Griffin, owner of Griffin's Truck Stop and Griffin's City Auto Parts, was killed about 4 p.m. Wednesday when his gasoline truck overturned about one mile north of Amarillo on FM 1620. Mr. Griffin was driving the truck when it swerved off the road. He was alone in the vehicle.

The truck was loaded with gasoline at the time of the accident.

Funeral services for the well-known businessman were conducted Saturday at 2 p.m. in the First Baptist Church in Canyon. Elder E. J. Norman of the Primitive Baptist Church, and Rev. Strauss Atkinson, pastor of the Canyon First Baptist Church, officiated at the rites.

Burial followed in Dreamland Cemetery under the direction of LaGrone Funeral Chapel.

Mr. Griffin was born Oct. 28, 1909 in Davidson, Oklahoma. He was celebrating his 55th birthday the day he died.

He married Olive Marie Golden in Lawton, Oklahoma, July 5, 1929. They moved to Canyon in 1936 from Odell. The family home was located at 2418 Tenth Avenue.

Bill Griffin was known as a man who gave his full support to the Buffs, and was credited with knowing an accurate history of the WT football squads firsthand.

He was a member of the Canyon Lions Club and a member of the Primitive Baptist Church in Amarillo.

Aside from his interests in the parts and truck stop businesses, Mr. Griffin was active in real estate in and around Canyon.

Pall bearers for the services included Bob Grigsby, Hosea Foster, Buddy Taylor, Jack Taylor, L. S. "Slim" Johnston and Ed Weeks.

Honorary pall bearers were Cristler Crain, Charles Wire Wright, Ed Harvey, W. E. (Windy) Miller, Roy Cheatham and Elwood Shero.

Tests will be given both persons now at WTSU preparing to teach and also some active teachers.

Tests will measure five dimensions of attitudes toward the teaching situation.

DR. GENE A. CROWDER

DR. F.W. DAUGHERTY

Crowder received a $965 grant for a project titled "Conformational Analysis by Infrared Spectroscopy".

The research will be conducted toward finding the way chemical bond changes as temperature changes.
